The California Code of Regulations Website

This California Code of Regulations (CCR) Website contains the text of the regulations that have been formally adopted by state agencies, reviewed and approved by the Office of Administrative Law, and filed with the Secretary of State. The CCR consists of 27 titles and contains the regulations of approximately 200 regulatory agencies. Note that Title 6 (Governor's Regulations) presently contains no regulations, and Title 24 (California Building Standards) is published separately and not part of this CCR website (see FAQs for further information). This website is updated weekly.

The Internet CCR is maintained and updated weekly by OAL through a contract with the West Group.

The contract requires that "[t]he Contractor shall ensure that the CCR made available on the Internet is consistent with the most recent updated version of the Official CCR published in hard copy, accurately reflects what is filed with the Secretary of State; and that it is complete and contains all the material defined as part of the official CCR."

For more information on how to use this site, please click on the "How to use this Website" button on the opening screen.

The Official California Code of Regulations is available in looseleaf printed format from West Group (1-800-888-3600).

A certified copy of a regulation filing may be obtained from the Secretary of State Archives (916-653-7715).
