### Security

DHS state staff will be able to view CHDP Gateway statewide data (all reports). State users can use existing DHS Intranet passwords already assigned to the CHDP reports, or they will be issued DHS Intranet passwords for the CHDP Gateway Reports. State staff must log-on from a DHS computer site.

County CHDP Gateway staff will be able to view data only within their county. Counties will not see reports that do not include a county sort. County users who request access will be issued Extranet passwords. They should be able to log-on from any computer that has nothing older than Windows 95 and Explorer 5.5.

Individuals wishing to request access and passwords must do so by contacting Ms. Erin Lynch via e-mail at [elynch@dhs.ca.gov](mailto:elynch@dhs.ca.gov)
