Letter No.: 04-15

SUBJECT: NEW LIMITS AND DISREGARDS FOR THE AGED AND DISABLED
FEDERAL POVERTY LEVEL PROGRAM FOR 2004

This letter is to provide counties with the 2004 income limits for the Aged and Disabled Federal Poverty Level (A&D FPL) program as follows:

The effective income limit for an A&D FPL individual is \$1006 as of April 1, 2004. This income limit is equal to \$776 (100 percent of the FPL for one effective April 1, 2004) and the \$230 standard disregard for an individual.

The A&D FPL couple income limit, according to the formula for this program, would be 100 percent of FPL for two and the standard \$310 disregard for a couple. However, Welfare and Institutions Code, Section 14005.40 (1) requires that the A&D FPL couples' effective income standard be no less than the Supplemental Security Income/State Supplementary Payment (SSI/SSP) couple payment standard. The new SSI/SSP payment standard is \$1399 as of January 1, 2004.

For determinations from January 1, 2004, through March 31, 2004, the income disregard would be \$389, which is the difference between the SSI/SSP couple payment of \$1399 and \$1010 (100 percent of the FPL for two effective April 1, 2003).

The income disregard must be reduced to \$358 for determinations from April 1 to December 31, 2004. This is equal to the difference between the SSI/SSP couple payment of \$1399 and \$1041 (100 percent of FPL for two effective April 1, 2004).
