SUBJECT: LIMITS AND DISREGARDS FOR THE BLIND FEDERAL POVERTY
LEVEL PROGRAM FOR 2013 - BEGINNING APRIL 1, 2013

Welfare and Institutions Code, Section 14005.40 (1) requires that the Aged and Disabled Federal Poverty Level (A&D FPL) and Blind Federal Poverty Level (FPL-B) program's effective income standard be the greater of the Supplemental Security Income/State Supplementary Payment (SSI/SSP) rates, or 100 percent FPL plus the standard deduction for an individual (\$230) or a couple (\$310).

Beginning April 1, 2013, income limits for the FPL-B are as follows:

The income limit for a FPL-B individual will be \$1188. This income limit is equal to \$958 (100 percent of the FPL) and the \$230 standard disregard for an individual, which is a higher payment rate than the May 1, 2009 SSI/SSP blind individual payment rate of \$935. The May 1, 2009 SSI/SSP payment rate used by Medi-Cal programs remains in effect until the current payment rate is increased to a level that exceeds the May 1, 2009 payment rate.

The May 1, 2009 SSI/SSP rate for blind couples is higher than 100 percent FPL for two, plus the \$310 disregard for couples. Therefore, blind couples will use the higher SSI/SSP payment standard. The FPL-B couple income standard has two different limits; one limit for a couple where both individuals are blind, and a separate limit for a couple where one individual is blind and the other individual is either aged or disabled.

These two income standards are reflected in the May 1, 2009 SSI/SSP payment rate schedule as indicated below.

- Both individuals of a couple are blind \$1751
- One individual of a couple is blind, the other individual is aged or disabled \$1666
