Letter No. 82-11

SDX FILE CHANGES

We have recently been notified by the Social Security Administration of a procedural change in the processing of the SDX file. The new procedure incorporates the use of a new pay status code: E01. The "E" signifies that the beneficiary is eligible for a federal and/or optional state supplement benefit based on the eligibility computation, but will receive no payment based upon the payment computation.

These individuals will therefore either be denied or discontinued from SSI/SSP-based Medi-Cal and will be referred to the county welfare offices for the appropriate Medi-Cal eligibility determination. This procedure became effective February 15, 1982 and will appear in future SDX records. If you have any questions contact your Medi-Cal program consultant.

Sincerely,
