INVALID NUMBERS BEING REPORTED AS SOCIAL SECURITY NUMBERS (SSNs)

This is to advise county welfare departments that numbers reported by applicants/beneficiaries as Social Security Numbers (SSNs) beginning with an 8 or 9 are not valid SSNs.

The numbers beginning with 8 or 9 were issued as pseudo numbers by the Social Security Administration many years ago, by the Internal Revenue Service, and other organizations as a means to identify certain individuals. These numbers are not valid SSNs.

If a Medi-Cal applicant/beneficiary indicates his or her number begins with a 8 or 9, the county must refer the applicant/beneficiary to the local SSA district office with a completed MC 194 (SSA Referral Notice) to obtain a valid SSN.

It should be noted that numbers beginning with "8" should not be confused with pseudo SSNs (MEDS ID) assigned via the Medi-Cal Eligibility Data System (MEDS). MEDS pseudo IDs begin with an "8" and end with a "P".

Attached for your information is a chart identifying the highest groups of SSNs issued by SSA as of September 10, 1984.

Should you or your staff have any questions regarding this information, please contact your MEDS liaison.

Sincerely,
