2. At this meeting the subcommittee reviewed its products and
discussed the presentation to county welfare department
directors and DHS.

The subcommittee decided to write to the Medi-Cal
Eligibility Branch to request clarification in two policy
areas and recommend a number of form changes.

The policy areas to be clarified involve the
exclusion of interest earned on a checking account if
it cannot be reasonably anticipated and the
computation of net income for self-employed persons.

Recommended form revisions are:

- o MC 217, Medi-Cal Responsibility checklist. Add the
responsibility to report: interest from
checking/savings accounts; if a beneficiary or spouse
enters or leaves long-term care (LTC); the starting or
stopping of payments of Medicare and other health,
dental and vision insurance. The subcommittee will
also recommend that the MC 216, MC 217 and MC 218 be

combined into one cover sheet (similar to the AFDC CA 2 coversheet).

- o MC 176S, Quarterly Status Report. Add clarification regarding rental of rooms or property and the need to report interest and dividends. The subcommittee will also recommend expanding and reformatting the question on Medicare and other insurance coverage.
- o MC 210, Statement of Facts. Revise question 31 to include health, dental, vision or hospitalization insurance whether paid by an employer or absent parent. Reformat the coverage section and make it consistent with the health insurance coverage section of the MC 176S (see above paragraph).
- o 176M, SOC Determination. Add space for the \$75 work related expense deduction and the 30 plus 1/3 deduction (to eliminate the need to complete the MC 176W, Allocation/Special Deduction Worksheet).

The subcommittee viewed the final form of its corrective action initiatives, i.e., worker tools. These are a Monthly Income Computation chart, including sample pay stubs, and an In Kind Income chart.

2. The subcommittee then drafted a cover letter to transmit the material to county welfare department directors and Medi-Cal liaisons and a follow-up questionnaire which will be mailed four-to-six weeks after the material is distributed.
