December 11, 1989  
Letter No.: 89-109

SUBJECT: JANUARY 1990 SOCIAL SECURITY TITLE II AND TITLE XVI COST OF  
LIVING ADJUSTMENTS (COLA) AND RELATED ISSUES

This letter is to provide all counties with the following information:

- o Update on the 1990 Medicare Part B Premium Increase. \*
- o Instructions for computing the January 1990 COLA for Title II Retirement, Survivor's and Disability Insurance (RSDI) benefits.
- o The 1990 In Kind Support and Maintenance (ISM) Values for computing Pickle eligibility (Enclosure 1).
- o The 1990 Pickle Disregard Computation Chart (Enclosure 2).
- o The 1990 resource limit for both Medi-Cal and Pickle cases (Enclosure 3).
- o The 1990 Supplemental Security Income/State Supplementary Payment (SSI/SSP) payment levels (Enclosure 4).
- o The Federal Benefit Rate (FBR) to be used when determining Pickle eligibility (Enclosure 4).

Title II (RSDI) COLA

The Social Security Administration (SSA) has advised us that effective January 1, 1990, the Title II COLA is 4.7 percent. This percent increase applies to all Title II beneficiaries. Therefore, in all Medi-Cal only cases with Title II income the current benefit amount should be multiplied by 1.047 to compute the 1990 benefit amount. If we are notified that the COLA will not be 4.7 percent, we will advise you immediately.

\* Due to the recent repeal of major portions of the Medicare Catastrophic Coverage Act we are unable to provide you with the "1990 Medicare Part B Premium Increase" amounts at this time. We will notify counties immediately upon our confirmation of the premium amounts from the federal Health Care Financing Administration.

#### ISM Values

The ISM values in effect for January 1, 1990 through December 31, 1990 are provided on the enclosed chart (Enclosure 1). These figures are to be used for all Pickle eligibility determinations and redeterminations.

#### 1990 Pickle Disregard Computation Chart

Effective January 1, 1990, the enclosed chart (Enclosure 2) is to be used when computing a Title II disregard amount for Pickle eligibles and applicants. We deleted the multiplier computations on the Disregard Computation Worksheet (DHS 7029/10-88) to avoid printing new forms annually. Therefore, please refer to Enclosure 4 or page 15-8 of your Pickle Handbook (1990 update) when completing the DHS 7029. The DHS 7029 is available to order from the DHS Warehouse located at their new address which is 1723 20th Street, Sacramento, CA 95814.

#### 1990 Resource Limits

Effective January, 1990, the resource limit for both Medi-Cal only and Pickle eligibles remains at \$2,000 for one person and \$3,000 for two (Enclosure 3).

#### SSI/SSP Payment Levels and the FBR

The SSI/SSP payment levels and the FBR in effect for January 1, 1990 through December 31, 1990 are provided on the enclosed chart (Enclosure 4). These payment levels are to be used for all Pickle eligibility determinations and redeterminations.

### 1990 ISM VALUES FOR COMPUTING PICKLE ELIGIBILITY

	<u>Individual</u>	<u>Couple</u>
VTR (not rebuttable)	\$501	\$974
PMV (rebuttable)	148	213

The VTR is the payment level to be used in situations 1 and 2 below. The PMV is the unearned income amount to be added in other situations. The following chart provides the method that must be used for determining Pickle eligibility for individuals and couples in various living arrangements.

<u>HOUSEHOLD SITUATION</u> <u>(LIVING ARRANGEMENT)</u>		<u>PRINCIPLE</u>
1.	Living in household of another throughout a month and receiving food and shelter from someone in the household.	Reduce the applicable payment level by one-third (VTR). The VTR is the same as the payment level for a person "living in the household of another".
2.	Living in household of another who is providing food and shelter and also receiving ISM from a third party.	Reduce the applicable payment level by one-third (VTR). Exclude third party ISM.
3.	Living in own household (ownership or rental liability) and receiving ISM from someone outside the household.	Add PMV to other unearned income.
4.	Living in noninstitutional care* situation or group home and receiving ISM from someone outside the household.	Add PMV to other unearned income.
5.	Living in household of another and receiving ISM from someone outside the household.	Add PMV.

RESOURCE ELIGIBILITY

1990 Resource Limits

\$2,000--Individual

\$3,000--Couple

Pickle persons must be within the resource limit at 12:01 a.m. on the FIRST DAY OF THE MONTH for which eligibility is being determined. If a person is not eligible on the first, he/she is not eligible for the ENTIRE MONTH.

Using information from the MC 210 and the MC 210B, complete the Pickle Resource Worksheet (DHS 7037) to determine resource eligibility. Instructions for completion of the DHS 7037 are attached to the form.

Refer to the following for determining resource eligibility:

- . Resource charts.
- . Life estate and remainder interest tables.

Clarification

1. Possible Pickle Person Living With a Spouse

If both members of the couple are eligible, apply the resource limit for two persons and consider the resources of BOTH spouses (whether owned separately or jointly).

2. Possible Pickle Child

Allow the parents all of the resource exclusions for which they would be eligible if they were the applicants. Consider only the resources of the parent and his/her spouse. This includes, but is not limited to, home, household goods, personal effects, automobile, etc.

After the exclusions are applied, the remaining countable resources are deemed to the possible Pickle child. Where there is more than one possible Pickle child, the resources are deemed equally among those children:

Example

There are two possible Pickle children, and \$500 in parental resources must be deemed to them, deem \$250 to each child.

3. If applicant is ineligible as a possible Pickle person due to excess resources:
