DEPARTMENT OF HEALTH SERVICES 714/744 P STREET SACRAMENTO, CA 95814

March 10, 1989 Letter No.: 89-23

TO: All County Welfare Directors All County Administrative Officers

SUBJECT: OVERPAYMENT REFERRAL PROCEDURES

This is to inform counties of new procedures regarding 1) potential overpayment referrals to the Department of Health Services (DHS) and 2) new dollar amounts for these referrals. These procedures were established in response to the increased information now available through the Income and Eligibility Verification System (IEVS).

Due to enhanced IEVS wage and asset match capabilities, the Department expects a significant increase in overpayment referrals. In response, we need to streamline the referral process and increase the overpayment dollars collected.

- I. <u>Potential Overpayments Excess Property</u>
 - A. Potential Overpayment \$1 to \$100

No referral is required.

B. Potential Overpayment - \$100 or more

All potential overpayments of \$100 or more involving excess property will be sent to the appropriate DHS Investigations field office. Counties will no longer be required to determine if potential fraud is involved. If DHS investigators determine no fraud exists, the case will be forwarded to the DHS Recovery Branch for collection. The county will be notified of the case status.

- II. Potential Overpayments Wages/Earnings
 - A. Potential Overpayment \$1 to \$100

No referral is required.

- B. Potential Overpayments \$100 to \$1,000
 - 1. <u>Open Cases</u>

After the county has verified with the client that he/she did not report the wages/earnings correctly, open cases with a potential overpayment of \$100 or more will be referred to the Recovery Branch for action. All County Welfare Directors All County Administrative Officers Page 2

2. <u>Closed Cases</u>

For potential overpayments of \$1,000 or less, no referral to the Recovery Branch will be required if the case has been closed due to unsucessful county attempts to contact the client. However, the county will be required to keep all information related to the IEVS match and the potential overpayment amount in the case file. If the client re-applies for Medi-Cal in the future, he/she will be required to explain and reconcile the discrepancies.

3. Suspected Fraud

If the county suspects fraud is involved in either an open or closed case, the county shall refer the case to the appropriate Investigations field office using the referral process in Item "C" below.

Further, if DHS Recovery Branch determines fraud is involved in <u>any</u> referral received from the counties, the case will be referred to the appropriate Investigations field office for action. The county will be notified of the case status.

C. Potential Overpayments - \$1,000 up to \$5,000

All wage/earning-based potential overpayments of \$1,000 to \$5,000 will be referred directly to DHS Recovery Branch for collection. If the Recovery Branch determines fraud exists, these cases will be referred to the appropriate Investigations field office for action. The county will be notified of the case status. (For IEVS referrals, DHS Recovery will notify the county if a collection case is not established.)

D. Potential Overpayments - \$5,000 or More

All wage/earnings-based potential overpayments of \$5,000 or more will be referred by the county directly to the appropriate Investigations field office. <u>These referrals do not go first to</u> <u>DHS Recovery Branch</u>. All County Welfare Directors All County Administrative Officers Page 3

Attached for your use and distribution is a list of the required forms to include in the overpayment referral package. It is suggested that counties use this document as a checklist for the referrals.

If you have questions regarding this notice, please contact Maggie Roggero of my staff at (916) 324-4966.
