

COUNTY LOCAL HOMELESSNESS PLAN TEMPLATE

HOUSING AND HOMELESSNESS INCENTIVE PROGRAM

May 9, 2022

PURPOSE OF THIS LOCAL HOMELESSNESS PLAN TEMPLATE

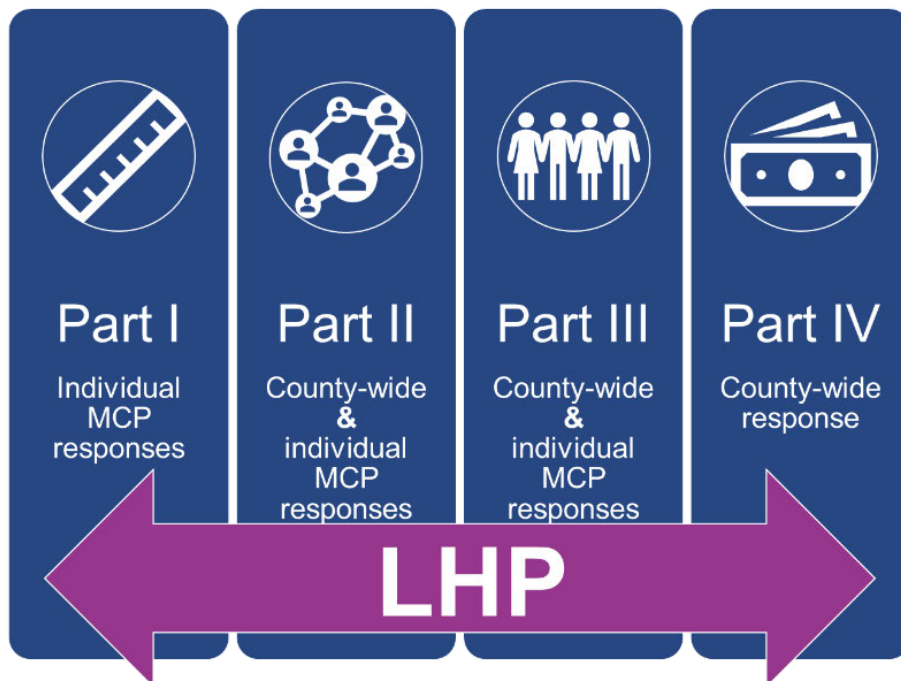

The Housing and Homelessness Incentive Program (HHIP) is a voluntary incentive program through which Medi-Cal Managed Care Plans (MCPs) may earn incentive funds for improving health outcomes and access to whole person care services by addressing homelessness and housing insecurity as social drivers of health and health disparities.

The California Department of Health Care Services (DHCS) is providing this Local Homelessness Plan (LHP) Template as a required submission component for MCPs seeking to participate in HHIP.

MCPs must collaborate with their local Continuums of Care (CoCs) and, if applicable, other MCPs operating in the same county to complete **one county Local Homelessness Plan (LHP)** (this Word file template). In addition, **each MCP** must complete a unique MCP LHP (see separate Excel template for this submission). For counties where multiple MCPs operate, the MCPs should select one organization to submit the county LHP to DHCS. Unique MPC LHP Excel files can be submitted separately to DHCS.

Completed county and unique MCP LHPs should be submitted to DHCS by June 30, 2022.

LHP Submission Components

Part I of the LHP Template is based on **unique MCP responses**. Parts II and III include **both** aggregate county-wide and MCP-specific responses; and Part IV is an **aggregate county-wide response**.

- **PART I: HHIP MEASURES**

This section includes the required measures each MCP must complete. As noted above, this section should be completed by **EACH MCP**, providing only MCP-specific information. MCPs must provide quantitative and narrative responses to these measures, which are intended to provide DHCS with information on current regional progress on and upcoming goals for each of the three HHIP priority areas:

- (i) **Partnerships and capacity** to support referrals for services;
- (ii) **Infrastructure** to coordinate and meet member housing needs; and
- (iii) **Delivery** of services and member engagement.

See excel template for this unique MCP LHP submission.

- **PART II: MCP STRATEGIES TO ADDRESS IDENTIFIED HOUSING AND SERVICE GAPS**

This section provides MCPs with a format to describe their specific strategies for addressing identified housing and service gaps in their service areas as well as how these strategies align with the aggregate county approach (as determined by all CoCs and MCPs collaborating in this county). The county approach should align with and aim to meet HHAP Outcome Goals. As noted above, this section includes *both* (1) an aggregate county-wide response and (2) MCP-specific responses, where *each MCP* must provide separate responses. See excel template for this unique MCP LHP submission.

- **PART III: LANDSCAPE ANALYSIS OF DEMOGRAPHICS, NEEDS, AND GAPS**

This section establishes a format for MCPs to provide the following required information:

- (i) A **local landscape analysis** that assess the current number of people experiencing homelessness and existing resources which address homelessness. This landscape analysis is intended to align with the *Homeless Housing, Assistance and Prevention Program Round 3 (HHAP-3)* application landscape analysis, which utilizes data from the Homeless Management Integration System (HMIS), point-in-time (PIT) counts, and other local needs assessments.
- (ii) **Identification of the number of individuals and families served.** This response should include information on the demographics of those served, types of intervention services provided, and demographics of subpopulations that are underserved, relative to the proportion of individuals in that subpopulation experiencing homelessness.

- **PART IV: IDENTIFICATION OF FUNDING AVAILABILITY**

This section requests the following required information be attached as an appendix:

- (i) **Identification of available funding currently being used, and budgeted to be used, to provide housing and homelessness-related services** to persons experiencing homelessness or at imminent risk of homelessness, as described in the HHAP-3 assessment of state, federal, and local funds available.

LHP SUBMISSION STRUCTURE

The following LHP Template for HHIP funding must be submitted in in full, including the following four parts:

- **PART I: HHIP Measures** completed by each MCP in the unique MCP LHP submission. See excel template for this unique MCP LHP submission.
- **PART II: MCP Strategies**, which includes both aggregate and unique MCP components, with county-wide strategies submitted as a part of this county LHP and MCP-specific components included in the unique MCP LHP submission
- **PART III: Landscape Analysis**, which includes both aggregate and unique MCP components, with the county-wide analysis submitted as a part of this county LHP and MCP-specific analyses included in the unique MCP LHP submission
- **PART IV: Funding Availability Assessment** included as an appendix to this county LHP submission

MCP INFORMATION

Provide the name of the county for this county LHP submission and list the MCP(s) participating in the submission (each MCP is also required to submit a unique MCP LHP using the Excel template provided by DHCS).

County Name		
Modoc		
MCP Name	Lead Contact Person Name and Title	Contact Email Address
Partnership HealthPlan of California	Margaret Kisliuk, Consultant	HHIPGrants@partnershiphp.org

PART I: HHIP MEASURES

Each MCP participating in HHIP must complete the HHIP Measures via the MCP LHP submission. See MCP LHP excel template provided by DHCS.

Part I scoring: 190 points available

See MCP Template - Modoc

PART II: MCP STRATEGIES TO ADDRESS IDENTIFIED HOUSING AND SERVICE GAPS

MCPs are required to work together, and with local partners, to identify key components of the county strategy in preventing and reducing homelessness over the two-year program period of January 1, 2022 through December 31, 2023. The strategy should be informed by, and align with, the findings from the local landscape analysis (Part III of this LHP).

In preparing this narrative response, MCPs are strongly encouraged to use and/or adapt content from: (1) local strategic plans or action plans for preventing and ending homelessness; (2) prior HHAP applications and reporting; (3) the CoC's most recent applications under the U.S. Department of Housing and Urban Development (HUD)'s Continuum of Care program; (4) and/or other relevant local policy documents or plans.

All MCPs in the county should collaborate to provide one narrative response in the space provided below detailing the overall county approach in the space below. MCPs will also submit their own strategy (in the MCP Excel submission), which should align with the county strategy detailed below. See excel template for this unique MCP Part II submission.

Part II scoring: 100 points available (inclusive of both the county submission and unique MCP submission).

STRATEGIES TO ADDRESS IDENTIFIED HOUSING AND SERVICE GAPS IN THE COUNTY
County Narrative Description (200-word limit)
<p>Modoc County has worked to address homelessness with a focus on the need for interim housing opportunities with case management and a reliance on a variety of programs to help individuals get and retain permanent housing. This approach applies Section 8, CalWORKS and other services to combine with HHAP and other monies to address needs. Modoc and PHC will closely collaborate on the implementation of CalAIM as an additional resource for this effort, along with an effort to strengthen Modoc County's administrative needs; facilitate the delivery of housing services and to increase options for those experiencing homelessness.</p>

PART III: LANDSCAPE ANALYSIS OF COUNTY DEMOGRAPHICS, NEEDS, AND GAPS

A. Landscape Analysis of County Needs and Demographics

All MCPs in the county should collaborate to provide a county-wide landscape analysis, using the table below, of current county needs and demographics, in alignment with the HHAP-3¹ landscape analysis utilizing relevant data from the Homeless Management Integration System (HMIS), 2019 PIT count data,² and other local needs assessments. See excel template for this unique MCP Part III submission.

If data is unavailable for the MCPs in the county, the MCPs must detail their approach to improving data connectivity and identification for future submissions, including timing for implementing the approach. Please submit this as a written attachment using no more than 1000 characters.

Please use TABLE 1 below to provide one county-wide response outlining key data regarding people experiencing homelessness in the county.

Part III scoring: 80 points available (inclusive of both the county submission and unique MCP submission).

¹ MCPs may also reference HHAP Round 2 (HHAP-2) applications if additional context is helpful for them, or if Round 3 applications are not yet available

² DHCS recommends using 2019 PIT count as it is the most recent count that includes unsheltered individuals, or the 2022 PIT count if it's locally available as it will be the most recent information

B. Landscape Analysis of People Receiving Services

Please use **TABLE 2** to report the total number of individuals served county-wide. The data provided within Table 2 should represent **the most current and accurate way of estimating the annual number and demographics** of people participating in or being served by the different intervention types, including subpopulations that are underserved relative to their proportion of individuals experiencing homelessness in the jurisdiction. It is important to note that intervention types are not mutually exclusive, and individuals and households may be counted in multiple categories.

MCP(s) must cite their data sources. If data is unavailable for the MCP county submission, the MCP(s) must detail the approach to improving data connectivity and identification for future submissions, including timing for implementing the approach. Please submit this as a written attachment using no more than 500 words.

Table 2 uses the following service terms:

Interim Housing	Any program whose primary purpose is to provide temporary shelter for people experiencing homelessness, in general or for specific populations, and which does not require occupants to sign leases or occupancy agreements. Interim housing can include congregate shelter, bridge housing, temporary scattered-site arrangements, and transitional housing programs, among others.
Rental Assistance	Rental assistance programs provide subsidies that help people experiencing homelessness rent housing in the marketplace. Rental assistance typically pays a portion of the total rent and can be temporary or permanent and offered in a variety of program types.
Supportive Housing	Supportive housing is permanent housing for a specific target population—generally people with disabilities/special needs and long histories of homelessness—that is linked to onsite or offsite services that assist the resident to retain the housing, improve their health status, and maximize their ability to live and, when possible, work in the community.
Outreach	Programs that identify and engage people living in unsheltered locations, such as in cars, parks, abandoned buildings, encampments, and on the streets, reaching people who might not otherwise seek assistance or come to the attention of the homelessness service system. Outreach and engagement programs help to ensure that people’s basic needs are met while also supporting people to access and navigate pathways toward housing stability.
Prevention/Diversion	Programs that seek to prevent people from losing current housing or to prevent the need for services from the homelessness response system through a rapid return to housing, usually without expectation of ongoing support.
