PART II: MCP STRATEGIES TO ADDRESS IDENTIFIED HOUSING AND SERVICE GAPS

STRATEGIES TO ADDRESS IDENTIFIED HOUSING AND SERVICE GAPS IN THE COUNTY
<p>County Narrative Description (200-word limit)</p> <p>Anthem worked closely with the Coalition of Homeless Services Providers (CHSP) and San Benito County HHSA to develop the HHIP LHP strategies. The proposed strategies align with DHCS’s goals to create local partnerships to reduce and prevent homelessness. The HHIP strategies align with the CHSP/CoC’s five year “Lead Me Home” plan to reduce homelessness in Monterey and San Benito Counties, focused on increasing partnerships, improving performance, and addressing unsheltered homelessness. Additionally, HHIP strategies are aligned with HHAP 3 strategies, focused on increasing supportive housing, rapid re-housing, outreach, case management, and landlord engagement resources.</p> <p>While Anthem is aligning with broader community strategies, HHIP strategies will also focus on data sharing/HMIS access, integration with the Coordinated Assessment and Referral System (CARS), partnerships with street medicine programs, addressing disparities, and ensuring strong implementation of CalAIM ECM and CS housing services. Lastly, based on CoC and County immediate gaps, there is a desire among partners to use a portion of the funds to develop a safe parking program and integrate CalAIM services.</p> <p>Anthem will work closely with CHSP and San Benito County HHSA throughout the HHIP program to implement strategies, meet measures, and create robust housing and healthcare partnerships.</p>

PART III: LANDSCAPE ANALYSIS OF COUNTY DEMOGRAPHICS, NEEDS, AND GAPS

A. Landscape Analysis of County Needs and Demographics

CHSP provided data for their CoC HHAP-3 application that includes both San Benito and Monterey Counties. To estimate the data for San Benito County, the CoC informed Anthem that San Benito's homeless population represents roughly 10% of the total CoC population. To complete the table below on San Benito County, Anthem applied the 10% estimate to the CoC's data.

A. Landscape Analysis of People Receiving Services

The following is from the CoC's HHAP-3 application. The data is for the entire CoC across both counties (Monterrey and San Benito). It is not specific to San Benito County. The CoC nor the County were able to produce the landscape analysis at a per county level and because housing resources vary greatly across the CoC, it was difficult to use the 10% population estimate for this table. Anthem will work with the CoC and San Benito County HSA to better gather this info as part of future efforts.
