## PART II: MCP STRATEGIES TO ADDRESS IDENTIFIED HOUSING AND SERVICE GAPS

STRATEGIES TO ADDRESS IDENTIFIED HOUSING AND SERVICE GAPS IN THE COUNTY
<p><b>County Narrative Description (200-word limit)</b></p> <p>Anthem Blue Cross and California Health &amp; Wellness partnered with the NorCal CoC (CoC for seven Northern California counties) and the Plumas-Sierra CoC Advisory Board to develop the HHIP County LHP for Sierra County. MCP strategies to address identified housing and service gaps align with the five-year CoC Strategic Plan to reduce homelessness in Plumas and Sierra Counties focused on capacity building of homeless services, coordination across organizations, and implementation of data tracking and prioritization tools; and HHAP-3 strategies focused on increasing housing navigation and retention services, non-congregate shelter, permanent supportive housing, equity-focused responses, and cross-sector partnerships.</p> <p>The MCPs are aligning with broader community strategies, HHIP strategies, and will focus on 1) data sharing/HMIS access; 2) integration with CES, 3) capacity building, including partnerships with street medicine programs or other programs to provide healthcare services to those unsheltered; 4) addressing health disparities; and 5) ensuring strong implementation of CalAIM ECM and Community Supports housing services.</p> <p>Anthem and California Health &amp; Wellness will collaborate with NorCal CoC and the Plumas-Sierra CoC Advisory Board under the HHIP program to implement MCP strategies, meet HHIP measures, and create robust housing and healthcare partnerships that address homelessness and housing insecurity in Sierra County.</p>

## PART III: LANDSCAPE ANALYSIS OF COUNTY DEMOGRAPHICS, NEEDS, AND GAPS

### A. Landscape Analysis of County Needs and Demographics

The following is from the CoC's 2022 PIT Count report. Some of the data in the report was specific to Sierra County while other data was only available for the entire CoC. For data that was only available CoC wide, an estimate of .6% (which is the percentage of homeless people in Sierra County compared to the CoC) was used to calculate Sierra County data.
