

INVESTMENT PLAN TEMPLATE

HOUSING AND HOMELESSNESS INCENTIVE PROGRAM

July 18, 2022

PURPOSE OF THIS INVESTMENT PLAN TEMPLATE

The Housing and Homelessness Incentive Program (HHIP) is a Medi-Cal Managed Care Plan (MCP) incentive program through which MCPs may earn incentive funds for improving health outcomes and access to whole person care services by addressing homelessness and housing insecurity as social drivers of health and health disparities. The HHIP rewards MCPs for developing the necessary capacity and partnerships to connect their members to needed housing services and taking active steps to reduce and prevent homelessness.

The California Department of Health Care Services (DHCS) is providing this Investment Plan (IP) Template as a required submission for MCPs seeking to participate in the HHIP. The primary goal of the IP is for MCPs participating in the HHIP to demonstrate to DHCS that they have a clear plan for achieving measures and targets across the course of the program, in collaboration with their local partners, through targeted investments in activities and efforts that align with program measures and goals and support the MCP's performance strategies. MCPs will be eligible to earn incentive payments for successful completion and submission of the IP, subject to acceptance of the IP by DHCS. The IP is worth up to 10% of each MCP's allocated earnable funds for HHIP overall. DHCS will evaluate the IP based on the MCP's demonstration of a meaningful investment strategy, including how adequately stated needs are addressed and how effectively funding is targeted, to support the achievement of program measures and goals.

Participating MCPs will be eligible to earn HHIP payments for the successful completion or achievement of HHIP program milestones and measures. Such payments do not constitute pre-funding or reimbursement for investments made using MCP funds in pursuit of program milestones and measures. Once the HHIP payments are earned by the MCP, DHCS does not direct or restrict the MCP's use of the earned incentive funds.

Each MCP must collaborate with the local Continuum(s) of Care (CoCs) to complete one IP per county in which they are participating in HHIP using this Word file template. **Completed IPs must be submitted to DHCS no later than Friday, September 30, 2022.**

HHIP Program Submissions

INVESTMENT PLAN SUBMISSION STRUCTURE

The IP template has the following four components (with associated earnable points) and must be completed in full and submitted to DHCS no later than **September 30, 2022**. DHCS will not accept a submission if any of the components are missing (i.e., an incomplete submission) or unsatisfactory. MCPs participating in the HHIP across multiple counties must submit a separate IP for each county.

- **PART I: Investments:** MCPs must submit a narrative describing specific investments they intend to make to overcome identified housing and service gaps and needs to meet the goals of HHIP. The narrative should include details of anticipated funding activities, investment amounts, recipients, and timelines. For each intended investment, MCPs must specify:
 1. Which HHIP measures each investment is intended to impact; and
 2. Whether each investment will support MCP or provider/partner infrastructure and capacity (or both), or direct member interventions.
- **PART II: Risk Analysis:** MCPs must conduct a brief risk analysis to identify challenges they may face in achieving the HHIP program goals and in making the investments outlined in Part 1. This narrative description will include what steps the MCP might take to address these potential risks and barriers.
- **PART III: CoC Letter of Support:** MCPs must submit a signed letter of support from their CoC partner(s) validating that the CoC(s) collaborated with the MCP, were given an opportunity to review the MCP's IP, and support the MCP's IP. The letter of support should be included with this IP submission **as an appendix**.¹
- **PART IV: Attestation:** MCPs must provide a signed attestation that the IP provides a true representation of the MCP's expected investment plan and strategy for achieving program measures and targets. The attestation must be signed under penalty of perjury by the MCP's Chief Executive Officer or Chief Financial Officer, or equivalent executive officer, or their designee, and included with this IP submission **as an appendix**.

As part of the HHIP submission 1 requirement, MCPs may detail any proposed prospective changes to the IP based on observed impacts and lessons learned from investments made during the measurement period. If prospective changes are not proposed, MCP must submit reaffirmation that the original IP (this submission) remains up to date. Retrospective changes are not allowable.

¹ If an MCP is operating in a county with multiple CoCs, the MCP must obtain letters of support from at least 50% of the CoCs in the county.

PART I: INVESTMENTS

Using the table below, MCPs must submit a narrative describing specific investments they intend to make to overcome existing funding gaps and meet the goals of the HHIP. For each investment activity, MCPs should include details on anticipated:

- I. **Investment Activity:** Investment that will be made throughout CY 2022 and CY 2023 toward achieving the HHIP program goals to (1) ensure MCPs have the necessary capacity and partnership to connect their members to needed housing services, and (2) reduce and prevent homelessness.
- II. **Gap or Need Addressed:** Identify the existing funding gaps or county needs that the investment is intended to address and specify how the MCP identified this gap/need (i.e., in reviewing the HHAP², through conversations with the CoC). Funding gaps and county needs are defined as gaps/needs in housing-related infrastructure, capacity and provider partner capabilities that are not sufficiently funded to meet the needs of Medi-Cal beneficiaries.
- III. **Description:** Details of the investment activity, including anticipated:
 - a. Dollar amount. If the specific dollar amount is not known at this time, the MCP may provide a dollar range, which should be as narrow as possible.
 - b. Recipient(s). If the specific organization is not known at this time, the MCP may provide the type of recipient which should be defined as specifically as possible (i.e., all FQHCs in a defined geographic region, short-term housing shelters in need of beds).
 - c. Timelines for the investment activity, including potential plans for sustainability after the conclusion of the HHIP.
- IV. **HHIP Measures Impacted:** Specify HHIP measure(s) that the investment activity is intended to impact. In total across all investments, a minimum of ten measures that are designated “P4P” in either Submission 1 or Submission 2, or both, must be impacted.
- V. **Domain Targeted:** Specify whether the investment will support MCP or provider/partner infrastructure and capacity (or both), or serve as a direct member intervention.

MCPs may add additional rows to the table submission as needed.

² Materials for each round of HHAP can be accessed on the [HHAP website](#). MCPs should use the HHAP-3 assessment of funding availability to inform their IP submission (or the HHAP-2 assessment, if the HHAP-3 assessment is unavailable).

PART II: RISK ANALYSIS

Using the space below, MCPs must submit a narrative response detailing a brief risk analysis for their IP, including:

- I. What factors the MCP anticipates may arise that would make it challenging for the MCP to achieve its goals and the HHIP program goals.
- II. Which aspects of the IP might be affected by those factors; and
- III. What steps the MCP would take to address these factors and avoid or mitigate impact to the IP.

Description of Anticipated Contingencies (500 - 1000-word limit)

- a. Significant staffing issues among providers and potential providers will make it challenging to achieve goals. All areas of the Investment Plan might be affected by these factors. Steps that PHC will take to address or mitigate the effect include workforce development is an ongoing process. PHC will work with the County to help identify potential resources for providers.
- b. Insufficient housing resources (sites as well as buildings for conversion) in the community will make it challenging to achieve goals. To some degree, all areas of the Investment Plan are affected but particularly the success of development of new permanent and short-term housing and prevention efforts. Steps that PHC will take to address or mitigate the effect include ongoing collaboration and advocacy regarding the need for housing throughout the community and the State.
- c. Sustainability for operational support and non-permanent supportive housing resources is uncertain. Most areas of the Investment Plan excluding those supported by CalAIM will be affected. Steps that PHC will take to address or mitigate the effect include ongoing collaboration and analyses to identify alternative funding sources and/or to adjust operations to mitigate the need for additional funding.
- d. The County size limits the range of providers and resources available within the community will make it challenging to achieve goals. Identification of transitional and permanent supportive housing are the areas of the Investment Plan most affected as most affected by these factors. Steps that PHC will take to address or mitigate the effect include continued outreach and technical support where appropriate.
- e. The area has been hard hit by fires, affecting the number of individuals experiencing homelessness as well as the resources to address this need will make it challenging to achieve goals. To some degree, this affects all areas of the Investment Plan but particularly the success of Rapid Rehousing and Interim Housing efforts. Steps that PHC will take to address or mitigate the effect include Through CalAIM and the Community Supports programs, PHC will work with Siskiyou County to help identify and to potentially increase the availability of resources.

PART III: CoC LETTER OF SUPPORT

MCPs must submit a signed letter of support from their CoC partner(s) validating that the CoC(s) collaborated with the MCP, were given an opportunity to review the MCP's IP response and support the MCP's IP. For MCPs in counties with more than one CoC, **at least 50% of CoCs** must provide signatures indicating their support.

The CoC letter of support or CoC signature(s) should be included with this IP submission as an appendix.

Note that Siskiyou County is one of 5 PHC counties governed by the NorCal Continuum of Care, serving a total of 7 counties. Siskiyou County-specific issues are addressed by the Siskiyou Advisory Committee to the NorCal CoC.
