RE: TN CA-26-0017

Dear Director Sadwith:

The Centers for Medicare & Medicaid Services (CMS) has reviewed the proposed California state plan amendment (SPA) to Attachments 4.19-A CA-26-0017, which was submitted to CMS on July 6, 2026. This plan amendment updates the methodology and per diem rates for Acute Psychiatric Hospitals in the Specialty Mental Health Services (SMHS) Program to account for additional staffing requirements until these costs are reflected in the CMS-2552 hospital cost report.

We reviewed your SPA submission for compliance with statutory requirements, including in sections 1902(a)(2), 1902(a)(13), 1902(a)(30), and 1903 as it relates to the identification of an adequate source for the non-federal share of expenditures under the plan, as required by 1902(a)(2) of the Social Security Act and the applicable implementing Federal regulations.

Based upon the information provided by the state, we have approved the amendment with an effective date of July 1, 2026. We are enclosing the approved CMS-179 and a copy of the new state plan pages.

If you have any additional questions or need further assistance, please contact Blake Holt at 303-844-6218 or via email at blake.holt@cms.hhs.gov.

Sincerely,

Rory Howe
Director
Financial Management Group

22. REMARKS

The State will publish the rate to the following webpage:

<https://www.dhcs.cca.gov/services/MH/Pages/medi-cal-behavioral-health-fee-schedules.aspx>.

b. Acute Psychiatric Inpatient Hospital Services – Acute Psychiatric Hospitals

The State will use the following steps to calculate one per diem rate for each county where SD/MC Acute Psychiatric Hospitals are located in California.

1. On an annual basis, gather, for each SD/MC Acute Psychiatric Hospital, hospital-specific data regarding the total allowable Medi-Cal Acute Psychiatric Inpatient Hospital Service costs and total allowable Medi-Cal Acute Psychiatric Inpatient days as determined and reported in the most current CMS 2552 hospital cost report and supplemental schedules on file with the State as of December 31st prior to the beginning of the State Fiscal Year (July 1 through June 30). For State Fiscal Year 2023-24, starting with dates of service on or after December 12, 2023, the State will gather this data from the most current CMS 2552 hospital cost report and supplemental schedules on file with the State as of March 31, 2024. All SD/MC Acute Psychiatric Hospital cost reports used in each county have a uniform cost reporting period.
2. Adjust each SD/MC Acute Psychiatric Hospital's total allowable Medi-Cal Acute Psychiatric Inpatient Hospital Service costs to account for prior year audit adjustments.
3. Sum the total allowable costs, after applying the audit adjustment, and total allowable days for all SD/MC Acute Psychiatric Hospitals located in each county.
4. Divide the sum of total allowable costs by the sum of total allowable days to calculate a cost per day for SD/MC Acute Psychiatric Hospitals located in each county.
5. Adjust the result in Step 4 by 16% to account for new staffing requirements that will not be reflected in the CMS 2552 hospital cost report and supplemental schedules until Fiscal Year 2025-26. This adjustment will not be applied after the new staffing requirements are reflected in the CMS 2552 hospital cost report and supplemental schedules.
6. Multiply the result in Step 5 above by one plus the percentage change from the four-quarter average of the cost reporting fiscal year to the four-quarter average of the rate setting fiscal year from the IHS Global Inc. CMS Market Basket Index Level for Inpatient Psychiatric Facilities. This will result in the per diem rate for each county for the rate setting fiscal year.

TN No. 26-0017

Supersedes

TN No. 23-0045

Approval Date: September 24, 2026 Effective Date: July 1, 2026

The State will publish the rates to the following webpage:

<https://www.dhcs.ca.gov/services/MH/Pages/medi-cal-behavioral-health-fee-schedules.aspx>.

c. Acute Psychiatric Inpatient Hospital Services – General Acute Care Hospitals

The State will use the following steps to calculate one per diem rate for each county where SD/MC General Acute Care Hospitals are located in California.

1. On an annual basis, gather, for each SD/MC General Acute Care Hospital, hospital specific data regarding the total allowable Medi-Cal Acute Psychiatric Inpatient Hospital Service costs and total allowable Medi-Cal Acute Psychiatric Inpatient days as determined and reported in the most current CMS 2552 hospital cost report and supplemental schedules on file with the State as of December 31st prior to the beginning of the State Fiscal Year. For State Fiscal Year 2023-24, the State will gather this data from the most current CMS 2552 hospital cost report and supplemental schedules on file with the State as of March 31, 2024. All SD/MC General Acute Care Hospitals cost reports used in each county have a uniform cost reporting period.
2. Adjust each SD/MC General Acute Care Hospital's total allowable Medi-Cal Acute Psychiatric Inpatient Hospital Service costs to account for prior year audit adjustments.
3. Sum the total allowable costs, after applying the audit adjustment, and total allowable days for all SD/MC General Acute Care Hospitals located in each county.
4. Divide the sum of total allowable costs by the sum of total allowable days to calculate a cost per day for SD/MC General Acute Care Hospitals located in each county.
5. Multiply the result in Step 4 above by one plus the percentage change from the four-quarter average of the cost reporting fiscal year to the four-quarter average of rate setting fiscal year from the IHS Global Inc. CMS Market Basket Index Level for Inpatient Psychiatric Health Facilities. This will result in the per diem rate for each county for the rate setting fiscal year.

The State will publish the rates to the following webpage:

<https://www.dhcs.ca.gov/services/MH/Pages/medi-cal-behavioral-health-fee-schedules.aspx>.

C. REIMBURSEMENT METHODOLOGIES AND PROCEDURES

1. RATE SETTING FOR PSYCHIATRIC INPATIENT HOSPITAL SERVICES PROVIDED BY FEE-FOR-SERVICE/MEDI-CAL CONTRACT HOSPITAL

- a. Reimbursement (a per diem rate) for acute psychiatric inpatient hospital services for each Fee-for-Service/Medi-Cal contract hospital will be based on a negotiated per diem rate negotiated between the negotiating entity and the hospital on an annual basis. The starting point for this negotiation will be the hospital's routine and ancillary costs of providing psychiatric inpatient hospital services as reported in its most recently settled CMS 2552 cost report. The negotiating entity and hospital will also consider the trend of the hospital's routine costs, the trend of the hospital's ancillary costs, and the hospital's usual and customary charge for psychiatric inpatient hospital services in negotiating the rate. The negotiated per diem rate negotiated between the negotiating entity and a hospital may be less than, equal to, or greater than the starting point and will not exceed the lower of the hospital's usual and customary charge or the hospital's rate maximum described in section C.1.b and C.1.c.

When a hospital is owned or operated by the same organizational entity as the negotiating entity, the per diem rate will be submitted by the negotiating entity and is subject to approval by the State. The State will approve the per diem rate submitted by the negotiating entity if it is no greater than the lower of the following:

- The hospital's rate maximum as described in section C.1.b and C.1.c.
 - The hospital's usual and customary charge.
- b. The rate maximum for FFS/MC hospitals licensed as General Acute Care Hospitals is the hospital's cost per day as determined in its most recently settled CMS 2552 hospital cost report trended to the rate year using the percentage change in the IHS Global Inc. CMS Market Basket Index Levels for Inpatient Psychiatric Facilities or another cost-of-living index approved by CMS.

- c. The rate maximum for FFS/MC hospitals licensed as Acute Psychiatric Hospitals is the hospital's cost per day as determined in its most recently settled CMS 2552 hospital cost report trended to the rate year using the percentage change in the IHS Global Inc. CMS Market Basket Index Levels for Inpatient Psychiatric Facilities or another cost-of-living index approved by CMS. Effective for services provided July 1, 2026 and after, if the rate is set using a settled CMS 2552 cost report from a period prior to SFY2025-26, the applicable rate for SFY2025-26 will be increased by 16%.
- d. The negotiated per diem rate includes routine hospital services and all hospital-based ancillary services.
- e. Only one negotiated per diem rate for each allowable accommodation code for each negotiated rate Fee-for-Service/Medi-Cal hospital may be established. The negotiated per diem rate will not be subject to retrospective adjustment to cost.
- f. Intentionally Left Blank
- g. The per diem rate for administrative day services will be based upon the prospective class median rate for nursing facilities that are distinct parts of acute care hospitals and offer skilled nursing services, plus an allowance for the cost of ancillary services equal to 16 percent of the prospective class median rate. The state will calculate one statewide rate for administrative day services that is applied to all FFS/MC contract hospitals that provide administrative day services. The statewide rate for administrative day services to be effective from August 1st through July 31st of each rate year, will be calculated using the following steps:
 - Enter into a spreadsheet the skilled nursing facility rates calculated under Attachment 4.19-D for each hospital that operates a distinct part nursing facility for the prospective nursing facility rate-year, which runs from August 1st through July 31st.
