For purposes of receiving the NICU policy adjustor, the hospital listed above must:

- Be performing services assigned to the neonate care category;
- Have been approved by California Children’s Services (CCS) and continue to meet the standards of either a Regional NICU as defined in the CCS Manual of Procedures Chapter 3.25.1 or a Community NICU with a neonatal surgery as defined in Chapter 3.25.2;
- Have been approved by CCS and continue to meet the neonatal surgery standards set forth in CCS Manual of Procedures Chapter 3.34; and
- Pass periodic CCS review. Hospital review may be conducted annually or as deemed necessary by CCS. These reviews will determine whether the hospital continues to meet all applicable neonatal surgery standards.

If the CCS NICU-surgery approval/status of a hospital on the above list is revoked or otherwise terminated, then that hospital will not receive the DRG NICU-Surgery Policy Adjustor, effective the date approval/status ceases. Removal from the above list for failure to meet CCS NICU-surgery standards is not a prerequisite to no longer qualify to receive the DRG NICU-Surgery Policy Adjustor. Once the CCS NICU-surgery approval/status of a hospital on the above list is revoked or otherwise terminated, the hospital will subsequently be removed from the above list. Being listed in the State Plan does not guarantee payment of the DRG NICU-Surgery Policy Adjustor. In the event that a hospital remains listed, but has otherwise been deemed to have lost its neonatal surgery approval/status, it will not receive the DRG NICU-Surgery Policy Adjustor.
